### Professional Summary

DevOps & Cloud Engineering enthusiast currently pursuing a Bachelor of Engineering in Computer Science and Engineering, with a strong interest in Cloud Computing, DevOps, Automation, Linux, CI/CD, and Infrastructure Management. Hands-on experience with Git, GitHub, Docker, Docker Compose, Linux (Ubuntu), Bash (Shell Scripting), Python, HTML, CSS, and JavaScript, while continuously expanding knowledge of AWS Cloud and modern DevOps practices through practical projects and self-learning.

As the Team Lead for an academic project, experienced in Git repository management, project coordination, version control, and module integration within a collaborative development environment. Recognized for strong communication, teamwork, adaptability, problem-solving, and continuous learning. Seeking a DevOps Internship, Cloud Internship, or IT Internship where I can contribute to real-world projects, strengthen my technical expertise, and grow into a skilled DevOps & Cloud Engineer.

### Experience

- Managed Git repositories and collaborated using GitHub for version control.
- Built hands-on projects using Docker, Linux, Python, and web technologies.
- Applied DevOps fundamentals while learning AWS, Docker, Linux, and CI/CD concepts.

### Education

**Bachelor of Engineering (B.E.), Computer Science & Engineering,**

2023 – 2027

Surya Engineering College Mettukadai Erode

Currently Pursuing Final Year

### Skills

#### Programming & Scripting

HTML, CSS, JavaScript, Python, Bash Shell Scripting

#### Ai Tools

Chatgpt, Claude Ai, Github Copilot

#### Tools

Git, GitHub, Docker, Docker compose

#### Platforms

Linux , AWS Cloud

#### Concepts

CI/CD Integration, Deployment Workflow,  
Responsive Web Development

#### Soft skills

Problem Solving , Team Collaboration  
,Continuous Learning, Adaptability

### Projects

**Smart College Management System (Ongoing) – Team Lead**

04/2026 – Present

- Leading overall project planning and team coordination.
- Managing Git/GitHub repositories, version control, and code integration.
- Overseeing development workflow, module integration, and project organization.
- Coordinating testing, debugging, and release management.
- Planning deployment and ensuring project readiness for production.
